

DEFYING THE ODDS

Even with over 40 years of experience in the gaming industry, starting a new gaming enterprise is a tough bet.

But the founders of Maverick Gaming were not deterred. With a clear vision and determination, they brought Lewis Roca on board to give them the edge they needed to win. Glenn Light, Karl Rutledge, William Mahaffey and Jeff Steffen, together with the rest of the legal team, came to the table with a deep understanding of Maverick's goals and how to navigate the road ahead.

In just three years, Maverick Gaming is now a market-leader in the gaming industry with operations in Nevada, Washington and Colorado. We are proud to have counseled Maverick on nearly every aspect of their business including licensing, regulatory compliance, organizational structure, financing, taxation, intellectual property, staffing and general corporate advice. We look forward to helping Maverick continue its profound expansion across the U.S. and abroad.
